LK 15C. APRIL 1; FARMERS TO GET 5

Careful Consideration Induces Distributers to Cut Producers' Rate.

2 CTS. LESS TO CONSUMER

Dr. Copeland Says Companies Make No Sacrifice and Will Urge Lower Price.

In accordance with prophesies made & week ago, the big milk distributing the word mother signifies. concerns issued announcements yesterday to the effect that prices are to be cut 1. The effect will be to bring the grade know why she had killed herself.

The schedules of the Sheffeld Farms Company and Borden's Farm Products Company conform in this respect. Both companies will sell pint bottles of grade B milk at 9 cents. Both will sell grade A milk at 18 cents a quart bottle. Borden's announce disped or loose milk for sale at stores at 10 cents a quart.

In a statement issued last night Pat-rick D. Pox. president of Borden's Farm Products Company, said the reduction had been decided upon "only after the most careful consideration, with a view to decreasing the price to the lowest possible level." He said the price reductions are made partly to pro sumption in order to absorb the surplus

now being produced. Dr. Royal S. Copeland, Health Commissioner, expressed considerable critielses at the manuer in which the reduction had been attained, declaring that service in April, 1917, Rear Admiral Karsch, distributer is making no sacrifice. A. W. Grant, then commanding the suband that the reduction is coming out of the pockets of the farmers. He expects to confer with members of the committee investigating charges against

the battleships required complete over agreement with the distributers, by which the farmers are to get only a haul to fit them for service which the formers are to get only a triffe more than 5 cents a quart. He expressed the opinion that the distributers marine force for two years prior to the maker & Jacod, dealers in used cars, urgent that buying of this kind cannot producer, is too large.

Freighter to Bremen in April.

C. B. Richard & Co. or ginally agents of the Hamburg. American Line and thus familiar with German shipping methods, who have been designated by the Shipping Board to carry on an American flag freight service between Bremen and New York, announced yesterday that they would send out the first steamship. the Lake Savus, in the latter part of April, and later would despatch the Fishill. It is understood that the North German Lloyd terminals will be used at Bremen. Richard & Co. cannot tell juist ness between this port and Hremen.
